

# Custom Website Packages

Developing a custom website is an ongoing process due to the creative nature and effort involved in bringing the client's vision and purpose to life. Therefore costs are usually based on hours worked, not estimates. But for those clients that have specific budgets, we now offer the following website packages:

## \$800 Site\* =

- o 3 content-based web pages
  - o Home/About/Services for example
- o Basic Market Research
- o Custom Website Design
  - o One custom design\*\* sent for review
- o Hosting/Domain for 1 year (Network Solutions)
  - o More years/domains added at an additional fee
- o Basic SEO
  - o Key words and SEO code will be built into the site
- o Small revisions for 2 weeks after site is uploaded.
- o Does not include Forms, Animation, E-commerce or Development.

## \$1,400 Site\* =

- o 7 content-based web pages
  - o Home/About/Services/Products/Portfolio/Staff/Contact for example
- o Market Research
  - o Research of your competition, target market
- o Custom Website Design
  - o Choice from 2 custom designs\*\* of what the home page may look like
- o Hosting/Domain for 1 year (Network Solutions)
  - o More years/domains may be added at an additional fee
- o Basic SEO +
  - o Key words and SEO code will be built into the site
  - o Include either:
    - o Adding Google Analytics, joining directories or social networking, creating a blog, or editing website content with more key words, etc.
- o Photo Search and Enhancement as needed
- o Small Revisions for 1 Month after Site is Uploaded.
- o Does not Include E-commerce or Development.

*\*Additional features and pages will be charged at an hourly rate.*

*\*\*Reasonable revisions are encouraged, but excessive revisions will increase the cost.*
